## 7 NIGHTS ON BOARD A CLASSIC 1960'S MOTOR YACHT - MY ANDAMAN EXPLORER

### THE MERGUI ARCHIPELAGO

The Mergui Archipelago with its 800 islands is one of those areas that remain almost totally unvisited by foreigners. Though now some live-a-board dive boats and yachts venture with special permission into the southern islands from their bases in Thailand, the bulk of the archipelago has remained unvisited since colonial times. During that period when the archipelago was first charted most of the islands were named after colonial civil servants, a number retain these quaint names to this day.

The local population IS Mokkein, often called sea gypsies and sometimes called pirates. During the Burmese socialist period the Mokkein controlled the smuggling routes and would prey on shipping. Nowadays they have reverted to fishing and fish curing. They are a people with their own language and culture who entirely live on the sea and have evolved a remarkable way of life. We will visit Mokkein islands such as Lampi in the Sullivan Islands.

The ship carries kayaks and snorkelling equipment for free use.
